DiscoBolo	DESKEAGH	2	2	1	1	2	8	Positive attitude: Even though they led the game from the beginng, we felt like they really took it easy (from the non warm up to the way they played - still incredibly effective) as if they were underestimating us. We of course give credit to the other team and their win, but we felt like they could give more of a focused game. Fair mindedness: we think that a just game is also a game in which calls do happen, so we are not contwsting that. What we felt was that you called ininfluent things (which is ok), but then really stick to it instead of maybe considering the flow of the game (the ininfluential). Even though once a call was retracted, we felt this behaviour overhall the
