

weather

Still not as bad as in Britain

Saturday

Rain. Sun. Clouds. Wind.

It's not like you are going to stay inside.

By the way, Roger says: kick-ass hard

Toms Daily

still free

saturday 1 may '10

GOOD MORNING SUNSHINE PEOPLE!

thing to think about by beating them with 14-4.

The day started pretty tense with a high contested game Freespeed – Broc Ultimate on field 4. Broc managed to stay closely behind the Freespeed army. Lot's of opportunities to take over the game, but Freespeed finished it with a callahan. Meanwhile Feldrenner was beaten by Cota Rica Grandes with 7-12 on field 7, with both teams aiming for the finals a significant score.

As we predicted, sun came out at noon. In second division, Freezzzbeezzz beat Joker, despite of two spectacular drops by our homeboy Stekker. On field 4 Gentle Boobie Traps showed some real girlpower against Primavera Olandese, but could not make it happen. On field 8 Cota Rica Grandes kicked some serious ass against Red Lights. The Reds never managed to get over the 3-0 they got hooked up with after a 15 minutes of gameplay. Lots of long passes going nowhere or getting intercepted by high-jumping italians. When Red Lights scored with a beautiful upside they looked eager for a comeback, but it never happened. With 13 – 7 endscore Red Lights were a bit disappointing for a team that is aiming for the finals. At the same time Slijpschijven, re-enforced by Freezzzbeezzz' Matthijs Kimpe, gave Fever some-

In the afternoon, Belgium's finest ladies didn't really have an answer for the eastern European powerplay of Hot Beaches. Miss B lost the game with 11-7, and it must have put their feet back on the ground after their big 13-1 victory against Lillipuc. On field 2, Gentle and Copenhagen Spinners were playing their second game in group C. After a tense and close start of the game, Spinners seemed to get the better hand when taking a 3 point lead. But then Gentle showed some real fighting spirit. With some hard D and easy O, they took the game back to 8-8. On 9-9 and time over, Spinners had the offense but lost it on the second throw by a great diving D of Mario, close to Spinners end zone. Gentle remained calm and with a nice break pass from Jelle, they scored to win this great game. After that Guayota – CUSB La Fotta was another exciting game on field 3. La Fotta has won TT 3 years in a row now and, they are back this year and surely wanting to go for it once more. Guayota showed some spectacular ultimate, with nice technical gameplay, but didn't make it against the high powered boys of CUSB La Fotta.

At field 11 Diabolic Heaven played Living Colors. Both Teams had lots of difficulties with the wind, which can be really strong at field 11 and 12 resulting in a lot of turnovers and a sloppy game. CUSB La Fotta beat Jetset at field 10. Jetset came in strong, and soon had a 2-0 headstart thanks to two long passes from Joren (borrowed from Slijpschijven). But then La Fotta made 6 points in a row, resulting in 6-2. Because of a tight mothefucker of a cup defence, Jetset never came back. Nice game, although the numerous calls were a bit bad for the spirit.

So at the end of the day, winners of the pools in first division aren't completely sure yet, with a few pool games still to play tomorrow. In second division, as a nice sur-

prise Schijnwerpers won all their games in Group G, making them first. First of Group H is Sun with a bit more scored points than Disterics, who became second. Team Shark won Group I pretty easy, with the only close game being the one against Freezzzeezzz, which makes one ask why they changed from first to second division. In Group J uncontested winner is Eul'chtimate.

In the ladies division Copenhagen kicked some serious ass and came in first in group M. Hot Beaches didn't disappoint and won all their games in Group N, where they became first. Tequila Boom Boom walked over Group O, including Primavera Olandese. In Group P Yaka did the same.

Nice face-catch by Red Lights

today

Late again? Don't blame us

8h-10h: Breakfast
9.30h-19h: Ultimate Time
22h: Party @ comma

P a r t y h a r d y

As usual we have a badass party tonight. It wasn't easy for us this year however, and in fact at one moment it even looked like we won't have a party at all. The club we booked, Entrenous is the newest partyplace in Bruges. But because of some trouble they have with starting up, their opening has moved to next week. (we are seriously going to kick their asses for that) That's why we had to find a new place last minute. The party is at JH COMMA AND NOT AT ENTRENOUS, despite of what our website says!

JH Comma is next to the Entrepot, where we used to organise the party. Because of the late change, we were not able to organise a shuttle bus, but it's only a 20 minute walk, so you sportsmen/women shouldn't have trouble with that. You can take the bus to the party which is bus 6 or 10 to the station, and then bus 14 to the Entrepot. To come back you can call taxi snell 05036349 or take a sobering walk home.

Anyway, be shure to get your asses over there, because we've invited our trusted dj Smirnov again. Who will get your bodies moving on everything danceable from untill 2 a.m. After that, Choclit Deejays will drop the newest electro-bombs to turn the dancefloor into a total mayhem.

We just want to make a call that you really aren't allowed to smoke (anything) in JH Comma. It's a youth house, so smoking is strictly forbidden. And they helped us out so we really owe them something.

Gentle

Feel the rhythm, feel the rhyme, come on now, it's gentle time

THE BOYS OF GENTLE WON THIS YEARS BELGIUM ULTIMATE OUTDOOR CHAMPIONSHIP, WHICH MAKES THEM THE BELGIAN CHAMP'S, KICKING MOONCATCHERS WHO WON LAST YEAR. ONE OF THEIR PLAYERS -BOMMIE- WAS AVAILABLE FOR A LITTLE INTERVIEW.

Gentle won the Buoc this year, a good start for the new season. What are your aims for TT?

Bommie: We aren't aiming for a specific ranking, winning the BUOC was our first goal for this year. Tom's Tourney has a higher level than the BUOC, we want to show what we're worth, and play some high level frisbee. If we lose in honor against a stronger team, it's not a really big deal.

Tell us something about your team.

Bommie: Gentle is a really nice team, we know and respect each other well, so there's not much tension in the team. We're really cool even if a game isn't turning out so good. Today we took five new players with us, so we had to search a bit to get in the game. We lost against Ultimate Vibration and we could have won that game. Gentle can play better than the ultimate we showed today.

Is there a specific team you really want to play?

Not really, we just want to play high level ultimate.

And what with the party?

Well, we've trained our partymoves the week after BUOC, so our team will be tight. Friday we will take it easy, but saturday it's "lossgehen!"

You also have a blog, tell us something about it.

Bommie: It's called Gethorizontal, which is my personal metaphore, it means you always have to give everything you have. If you could have dived for a disc, but did not, you will always have a bad feeling. It's a blog about Belgian frisbee, there were a lot of forums and mailing lists in Belgium, but not a central point for ultimate lovers, that what I try to provide.

Thanks
